FLUSHING FIRE HYDRANTS

April 30th - May 4th

The City Maintenance Department will be flushing fire hydrants the week of April 30th through May 4th. Residents should be aware you may experience some rust discoloration. To clear your lines run an outside faucet and do not wash white clothes if you see any discoloration.

WATER SYSTEM LOOPING PROJECT

Due to the Water System Looping Project starting in May your water service may be interrupted for a short period of time. The contracting company should notify the residents with door hangers if this is to happen in your area. The three locations being worked on are; Stockwood & HWY 10, Parke Ave N & HWY 10 and Parke Ave S by the Railroad Crossing. Once this project is completed the City's watermain system will no longer have dead-ends for water to become stagnant.
