A department firearms qualification is scheduled for Wednesday, June 17th. The department will also assist the Dilworth, Hawley, and Barnesville Police Departments with their qualifications. In addition, defensive tactics training will be held at the Community Center on Wednesday, June 24th, and the department will again assist the Dilworth, Hawley, and Barnesville Police Departments.
- b. **Jeff Berg, Maintenance Department** – Berg reported branch pickup will take place this morning. Afterward, the department will focus on getting the mowers up and running. Staff are also gathering equipment and supplies to begin patchwork on the Community Center parking lot next week in preparation for Glyndon Days.
- c. **Jacob Cuchna, Fire Chief** – Absent – Nothing at this time.
- d. **Wendy Affield, Clerk/Treasurer** – Affield reported she will be absent from the next City Council meeting while attending the Annual League of Minnesota Cities Convention in Rochester. She also shared that the hanging baskets from Thompson Greenery have been picked up and placed around town. In addition, the Community Garden continues to do well, and she encouraged others to stop by and see the progress. She noted although some residents initially requested one plot, additional plots were added to avoid leaving any empty spaces. All plots are now filled.
- e. **Justin Vogel, Administrator** – Vogel took time to highlight several City accomplishments from the 2025–2026 timeframe and expressed appreciation for the hard work and dedication being invested into the City.

Public Safety and Equipment - The City, along with four (4) Townships, purchased a new fire truck that is expected to be delivered to Glyndon in January 2027. A few Fire Department Volunteers are planning to go and inspect the truck prior to it being finalized to make sure it is equipped with what they need. A new loader was also purchased for the Maintenance Department to improve snow removal, assist with moving the burn pile, and support the addition of branch

removal services for residents.

Community Development and Amenities - The Glyndon Living Center has broken ground and is progressing well. The facility will provide thirty-six (36) beds, allowing residents to remain in the community they grew up in, and a possible memory care addition is being considered for the future. Vogel also noted that increased Community Center rental fees, approved last year by the City Council, have been successful and will help support improvements that will be done this summer such as a few changes in the kitchen, new paint, a new refrigerator/freezer combo, and parking lot repairs. In addition, a bench was installed at Anstadt Park in memory of Bud Anstadt.

Community Projects and Advocacy - Jaden Argall, Jeff Berg and the maintenance crew completed the Community Garden, which has been very well received. Vogel stated the garden was a good use of the area, as permanent structures could not be placed there due to the potential for future road placement. He also shared that this was the first year the City lobbied at the Capitol on behalf of Glyndon and described it as a valuable opportunity to make the City's voice heard.

Staffing and Service Strengths - Vogel reported the City is exploring the purchase of a new snowplow by liquidating older equipment to help offset the cost and is also considering replacing the Maintenance Department's thirteen (13) year-old work truck in 2027. He stated that Glyndon has one of the strongest Police Departments in Clay County in terms of staffing. While Hawley, Barnesville, Dilworth, Moorhead, and Clay County have all experienced staffing shortages, Glyndon has remained fully staffed for five years. He said Glyndon is no longer viewed as a steppingstone, but instead as a place where people come to build careers. Affield also acknowledged the officers' willingness to come in on their days off to participate in Coffee & Cards at the Community Center with residents.

Future Priorities - Looking ahead, Vogel stated the future City priorities include road construction projects, continued lobbying at the Capitol for funding, and is hoping to see a sales tax put into place for future projects like a Community Center, City Hall, Police and Fire Department. Looking at installation of a park shelter or gazebo at Southview Park. He added the City continues working to attract businesses to Glyndon to help reduce the tax burden on residents. The City is also continuing to seek state grants in hopes of upgrading the Water Plant. Vogel closed by noting the strength of the City's staff, saying employees work well together and regularly celebrate birthdays and other occasions as a team. He also acknowledged all the work City Council has been putting in and appreciates their time and effort towards improving the City.

10. Committee Reports – Planning and Zoning Committee will meet tomorrow afternoon. Vogel will also send out notices to begin scheduling department Budget Meetings. Berg informed Council the waste oil recycling tank will be pumped today and then removed due to the shape it is in. Individuals will need to take their waste oil to the County's facility from now on. Residents will be notified in the monthly Newsletter, on the City Website and Facebook.

11. Time to Discuss the Additions to the Agenda – Nothing at this time.

12. Miscellaneous Announcements & Recognitions

- **City Hall will be Closed Friday, June 19th for Juneteenth**

13. Adjournment – A motion was made by Steven Ring to adjourn the meeting at 7:22 a.m., seconded by Shonna Severson. All in favor.
